

[Books In Sync History/Religion Author Allen Epling's Book In Review](#)

In Beyond Genesis, author Allen Epling attempts to solve the decades long debate between science and religion, Creationism versus Evolution. Epling proposes that the book of Genesis is historically accurate. The problems lie in the interpretation and translation of ancient text originally written in Hebrew. Epling goes on to suggest that if interpreted correctly, the Book of Genesis would fit with what is considered true in scientific data.

Epling draws on his considerable formal education and life long study and research of religion, history, and the work of earlier religious scholars to explain the mysteries of Genesis. He explains how the first two chapters of the book of Genesis describe two different creation events: the first around 12 billion years ago when God creates Heaven and Earth in a burst of light known as the "Big Bang," with man-like creatures (Neanderthals, etc.) beginning nearly 2 million years ago. The

second Creation Event took place around 6 thousand years ago when God created the Garden of Eden, Adam and domesticated animals.

Epling uses new discoveries in genetics and science as evidence to back his hypothesis that both scientific theory and religious belief about creation are correct.

Is Allen Epling's interpretation of Genesis the true version? As of now, we have no way of knowing for certain. His theories are as believable as anything presented by academia, science, or religion. I urge you to pick up a copy of this compelling argument, to keep an open mind, and to make your own decision.

I highly recommend Beyond Genesis to anyone open to alternative religious theories and to those who have allowed science to cloud their faith.

[Beyond Genesis: The Untold Story of Man's Origins](#) by [Allen Epling](#)

**Who Holds The Truth: Science Or The Bible?**

With all the public fascination lately with 'Bible Codes', the author has uncovered 'hidden' messages in the book of genesis that could not have been understood until the present age of understanding. With a refreshingly new interpretation, based on present day knowledge, Allen Epling presents new evidence that the events in Genesis are real and that there is a genetic link to the patriarchs of the Old Testament.

Beyond Genesis offers an alternative explanation for the origin of man that is unique and different from either side in the familiar Creationism versus Evolution debate. The author believes the truth revealed in this book was not meant to be understood completely until the present age of information and reason. He reveals new insights which uncover a storyline in Genesis that has previously gone unnoticed. He offers timely new explanations for all the "myths" of Genesis. All hypotheses are based on sound, recent science and the field of genetics, and are supported through references to the original sources. The central theme of the entire book is that the book of Genesis is accurate historically, and that modern man is a product of BOTH the evolutionary processes, AND a unique, separate line of man, the one referred to in Genesis. The book also reveals the ultimate "plan" for man and that it is not finished.

**Books In Sync Mission Statement:**

[Books In Sync](#), [Author-Directory](#), [Book-EBook Directory](#) and [Cold Coffee](#) was created for the sole purpose of bringing extra online exposure to authors and their books using the power of four connected websites with six separate directories. Our goal is to bring readers and authors together, thereby boosting book sales and improving our authors' one-on-one relationship with their potential readers.

[Books In Sync](#) stays competitive by keeping our site and amount of authors selectively small, which enables us to focus more productively on promoting our authors and their books. We consistently look for new ways to market our authors and their books and we have several [Service Providers](#) who can assist them with various publishing needs on an individual basis. Besides the [Reader's Café](#) our newest book promotion is called [Books In Review](#).

[Books In Sync Talk Radio](#): Enjoy meeting our authors on [Blog Talk Radio Hosted by Sylvia Dickey Smith](#).

Books In Sync now host [A Book And A Dish Book Reviews by Martha Cheves](#) at [Cold Coffee](#). As of late June 2011 we have opened [Cold Coffee](#) up for the public to view without joining.

[Cold Coffee \(Hard Copy\) Magazine](#): We are working on producing a whole new 'Cold Coffee (Hard Copy) Magazine'. We plan to produce our first magazine within the first few months of 2012 called 'Cold Coffee 2011 In Review'. Then we plan to produce an issue every three-four months, if time allows and authors join [Books In Sync/Cold Coffee](#) and participate. This writer's magazine will feature our Author's Of The Month (BIS Picks), Visitor's Choice Award Recipients (family, friends and visitors to BIS Vote from Author's Page) Book Cover And Book Trailer Recognition Contest Winners among other things.

To provide more security for our authors, we do not post their email addresses. Avid Readers can learn more about an author and their book(s) by visiting their author's page in our [Author Directory](#). The author's page includes information about the book, book reviews, book trailers, excerpts, purchase link, etc. If you have any questions, concerns or you would like us to make the initial contact for you to one of our authors, please follow this link: [Contact Us](#).

[Extra Promotion](#): After you become a member of [Books In Sync](#), [Partner Cindy Bauer Offers Online Ezine Promotion](#) for your 'Books In Sync Promotional Release'.
