### Review by Candace Morehouse

Like a spring morning warmed by sunshine, verdant with new growth, and full of possibilities, Flower Escapes is the perfect remedy for a dreary day or a dark mood. The verses will uplift you and nourish your soul while the photographs will inspire you with the perfect beauty found only in nature, created by God's hand. This book is an utter delight and will surely bring a positive glow and renewed inspiration to anyone who reads it. Brava Dawn and Michele for creating such a masterpiece!
