

The Link Between Iraq and Vietnam Reviews

I really found what this author had to say interesting and compelling. We must always be careful to draw these historical connections to the past. God bless America!!

5.0 out of 5 stars Very impressive read! September 24, 2007

By Claudia (New Jersey)

An informative and engaging essay, a comparison of the war in Iraq and Vietnam.

5.0 out of 5 stars A look into current events, May 27, 2007

By Robert J. Saniscalchi "Robert J" (PA USA)

Even at \$.49 I didn't get my money's worth. After a reasonable comparison of the similarities and differences of Iraq and Vietnam, Mr. Saniscalchi conveniently forgot key points in America's involvement in the Middle East. In addition, Mr. Saniscalchi failed to discuss the real reason we defeated Communism - our freedom and our economic engine. At 4 bits, I didn't expect him to take sides or solve the problem in Iraq but I did expect a more complete discussion. Maybe a better title would be "A Few Random Thoughts on the Link Between Iraq and Vietnam."

1.0 out of 5 stars Over priced at 4 bits, June 15, 2007
