Everyone has this misconception about pastors. They are perfect, without sin, and some even think they are saints. But a pastor is still a human, and Pastor Bromwell had his share of drama and has to uphold his reputation despite being the head of his mega church.

Pastor Alrick Bromwell, who is recently separated, runs into Sapphire, a feisty young woman who is very in tune with her sexual side. They begin a long affair together, but Sapphire has been through a lot and has a few skeletons in her closet regarding her past. When Sapphire becomes pregnant, it must be kept a secret. Tired of being in a dead end relationship, she wants to settle down and be a family, but Pastor Bromwell can't have his congregation find out that he is a fornicator.

Sapphire goes on a long journey to find herself. Will she continue with lies, deceit and cheating?

When she finds herself pregnant again, will she learn to live for herself? Or keep chasing a pipe dream? Sometimes what you are looking for in life is right there in your face the whole time.

The Pastor's Baby Mama by Rosaine Thomas touched on some controversial topics. It showed how the wrong choices and lies can jeopardize your career, family and values. I think the author really painted a realistic picture and presented a good storyline. The Pastor's Baby Mama is a solid read.

When she got tired of waiting on her baby's father she allowed herself to be impressed and lured away by a man whom she later found out was just an impressionist and didn't have her best interest at heart. She did it to get her baby's father jealous in hopes of drawing him closer to her. Will Sapphire realize her dream of marrying the man she loves or will the love grow cold? Follow Sapphire on her quest to find true love and happiness in the midst of obstacles. This is a story of sex, lies, persistence and love.
